Employer will assist you with instructions on applying for your card and transportation, you must have an appointment. You must wait 10 days after entering the U.S AND checking in with Intrax before you apply.

Area Information

Area Information:
Unique combinations of geologic color and erosional forms decorate a canyon that is 277 river miles (446km) long, up to 18 miles (29km) wide, and a mile (1.6km) deep. Grand Canyon overwhelms our senses through its immense size.

Cultural Opportunities:
"Grand" doesn't begin to do this canyon justice. Measuring approximately 277 river miles in length, up to 18 miles in width and a mile deep, this massive chasm in northern Arizona is truly a natural wonder. For six million years, the Grand Canyon has expanded with the help of the mighty Colorado River, and for centuries, people from all over the globe have traveled to gaze out over its red and orange grandeur. Managed by the National Park Service and officially designated as a UNESCO World Heritage site, the Grand Canyon leaves its approximately 6 million visitors per year awestruck.

But if you're seeking a secluded escape to Mother Nature, you should be prepared: The Grand Canyon can be very crowded. The South Rim – home to the Grand Canyon Village and the well-worn Bright Angel Trail – is particularly popular for sightseers and hikers. It is on this side that you'll find the most amenities. For a break from the crowds, head to the North Rim.
